

Relief and Aid Digital Disbursements

Get money into the hands of those who need it

When challenging times occur, and the need to deploy emergency funds are necessary, we enable our clients to deliver them **quickly, securely** and **effortlessly**.

GET MORE SPEED

Because your payments tools and processes shouldn't slow you down.

Real-time delivery of payments that enable those in need to access and use emergency funds immediately.

GET MORE FREEDOM

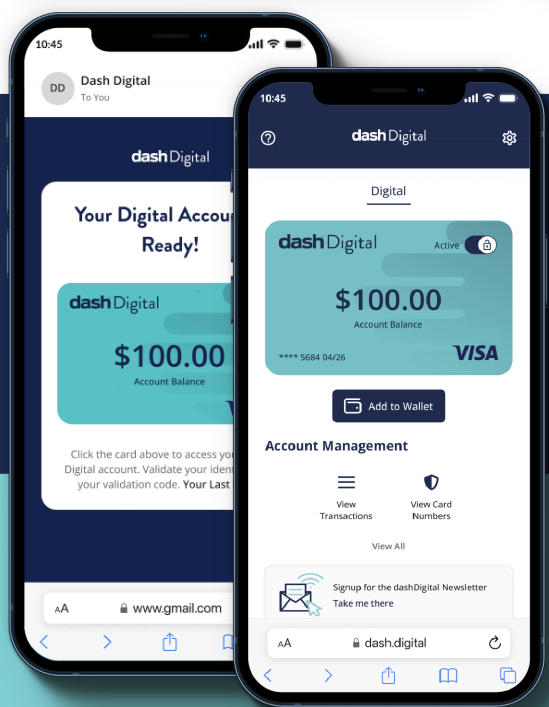

Because your needs are unique and your payments solutions should allow you to respond quickly during unforeseen circumstances.

Empower recipients to choose how the funds will best meet their immediate needs, whether spending from their mobile wallet or sending to another financial account.

DO MORE TOGETHER

Because payments has a lot of moving parts and, in times of need, you shouldn't have to manage it all alone.

Together, we can help those impacted with a secure and quick way to receive the needed financial aid.

Reduce financial strain with safe, efficient and speedy disaster relief distribution.
